SCOPE:

This Financial Assistance Policy applies to Methodist Rehabilitation Hospital

The Methodist Rehabilitation Board of Directors, has approved this policy and has authorized the MRH Chief Executive Officer (CEO) and Chief Financial Officer (CFO) to act on the committee's behalf as it relates to the administration of this policy.

DEFINITIONS:

Amounts Generally Billed (AGB) is defined as amounts generally billed medically necessary care to individuals who have insurance covering such care.

Extraordinary Collection Actions (ECA) are defined by section 501(r) of the Internal Revenue Code as certain actions taken by MRH against an individual related to obtaining payment of a bill for care covered under the MRH Financial Assistance Policy. MRH will send statements, letters, and make collection calls to pursue collection of any outstanding balances, but does not engage in any ECA's.

Financial Assistance Application (FAP) is the information and accompanying documentation that MRH requires an individual to submit to apply for financial assistance under the MRH Financial Assistance Policy.

FAP Eligible means an individual eligible for financial assistance under the MRH Financial Assistance Policy.

Gross Charges (also known as the charge master price) is the established price for medical care that MRH consistently charges all patients before applying any contractual allowance, discount, or deduction.

POLICY:

As a part of its mission and commitment to the community, Methodist Rehabilitation Hospital (MRH) provides financial assistance to patients who qualify for assistance pursuant to this policy.

1. ELIGIBILITY CRITERIA

Patients may apply for financial assistance from the date a patient is scheduled for service through the 240th day after the first billing statement is provided. Each patient's situation will be evaluated according to relevant circumstances, such as income level, family size, resources available to the patient or patient's family when determining the ability to pay the patient account balance. Taking this information into consideration, the attached Financial Assistance Eligibility Discount Guidelines (Exhibit C) are used to determine what amount of financial assistance, if any, would be applied to the patient account balance after payment by all third parties. In certain extraordinary cases where these factors may not accurately reflect the patient's ability to pay, MRH may take into account the earning status and potential of the patient and family, and frequency of their hospital and medical bills.

Except as indicated in the MRH Provider List (Exhibit D), the financial assistance offered under this policy does not apply to services provided by any physicians or other professionals.

2. METHOD FOR APPLYING OR OBTAINING FINANCIAL ASSISTANCE

Application Process

Individuals may request financial assistance by completing and submitting a financial assistance application. Applications are available at the hospital's business office. Printed free copies may also be obtained at 3020 W. Wheatland Rd, Dallas, TX 75237 or by calling 972-708-8600 or requesting they be mailed.

Patients approved through another assistance application may qualify for financial assistance under this policy as long as the same items on the MMRH Assistance Application are satisfied or documentation as to why they were not satisfied is included.

MRH may conclude, without a completed assessment of eligibility that a favorable qualification for charity may be appropriate based upon information it obtains from the patient and/or related parties which demonstrate to MRH that the patient qualifies for financial assistance pursuant to this policy and is consistent with applicable legal requirements.

2. BASIS FOR CALCULATING AMOUNTS CHARGED

The level of financial assistance is determined based on the classification of a patient as Financially Indigent or Medically Indigent, as defined below. Once a patient is determined to qualify for financial assistance, MRH will limit the amount charged for any medically necessary care provided to not more than the amounts generally billed (AGB) to individuals with insurance covering that care. To determine AGB, MRH has adopted the “Look Back Method” as defined by Internal Revenue Service Code Section 501(r) in which the AGB is based on the claims during the prior fiscal year and includes Medicare fee-for service as well as all other private health insurers.

MRH applies one system-wide AGB rate for all hospitals adopting the FAP. The AGB is calculated annually and the MRH Chief Financial Officer will determine the system-wide AGB rate, which cannot be more than the lowest individual hospital AGB. AGB percentages are applied by the 120th day after the end of the 12- month calendar year period the hospital facility used in calculating the AGB percentages. The current AGB rate being applied by all of the hospital facilities listed below is 24.5%.

In the event the outstanding patient balance is less than the calculated AGB discount based on deposits or previous payments made, MRH will refund the patient the amount over the AGB calculated amount. MRH will ensure any prepayments or deposits required prior to receiving medically necessary care are less than AGB, in order to comply with the safe harbor requirements of section 1.501(r)-5(d) of the Federal Income Tax Regulations.

Current AGB by hospital facility:

MDMC: 28.5%

MCMC: 24.6%

MMMC: 28.5%
MRMC: 29.3%

4.1 Financially Indigent

“Financially Indigent” means a patient who is uninsured or underinsured whose annual income is equal to or less than the Federal Poverty Guidelines (see exhibit C), as published each year in the Federal Register, and who have no ability to pay for medical care. These patients are eligible for a 100% discount on patient account balances based on Exhibit C of the Financial Assistance Discount Guidelines.

4.2 Medically Indigent

“Medically Indigent” means a patient with medical or hospital bills from MHS, after payment by all third parties, are equal to or greater than 5% of the patient’s yearly household income and whose annual income is greater than 200% but less than or equal to 500% of the federal poverty guidelines (Exhibit C). These patients will owe the lesser of the patient’s account balance or 10% of the patients’ gross charges not to exceed the calculated AGB amount as described in item 4.

5 DETERMINATION OF FINANCIAL ASSISTANCE

5.1 Financial Assistance Assessment

Determination of financial assistance will be in accordance with procedures that may involve:

- 5.1.i An application process, which requires the patient or designee to supply information and documentation to determine financial need; and/or
- 5.1.ii The use of credit reports or other publicly available information that provides documentation to determine financial need when a patient does not provide a financial assistance application or supporting documentation.

5.2 Definition of Household Income and Household Size

5.3 Income Verification

5.4 Financial Assistance Disqualification

Financial assistance will be denied if the patient or patient guarantor provides false information including information related to income, household size, assets, or other resources that could provide a financial means to pay for services.

A patient must exhaust all other payment options, including private coverage, federal, state, and local medical assistance programs. In addition, a patient must fully cooperate and comply with eligibility requirements for any identified funding services, including Cobra coverage and State Medicaid applications where a patient might qualify for other financial assistance. If a patient does not pursue or cooperate financial assistance may be denied, or if approval is on file, financial assistance may be revoked and the patient would become responsible for any remaining balances.

If a patient receives a third party financial settlement associated with care provided at MRH, financial assistance may be denied. MRH expects the patient to use the settlement amount to satisfy any patient account balances.

A patient's failure to provide information necessary to complete a financial assessment may result in a financial assistance denial. MRH will make efforts to obtain the incomplete information, which may include written and verbal requests for the information needed, however the patient is responsible for responding to the information requests.

5.5 Financial Assistance Expiration

Financial assistance approvals remain active for 180 days post the application approval date.
